

Pair of stone pillars for gate or entrance in natural limestone

Stone pillars with massive square base, rectangular shaft composed of cubic stones, large sculpted collar and imposing capital re-upped with a ball of stone resting on a base - the pair of pillars crafted either in Estailades stone (a natural French soft limestone extracted in Provence) or in Avy stone (a natural French hard and frost resistant limestone extracted near Bordeaux).

Height 270 cm

Width 45 cm

Depth 45 cm

- Base : L 45 cm x W 45 cm x H 50 cm - Shaft : L 35
cm x W 35 cm - Ball : about 30 cm diameter

Price

2395 €
