Mantels with trumeau in stone

THE limestone fireplace with trumeau from Provence !

Hand-carved by our craftsmen in our stone atelier in Provence, this fireplace with hood is typically Provencal. It is crafted in the white stone of Provence "Estaillades. It features a pair of shapely jamb, a simple lintel, a large tablet with moldings, a geometric trumeau in dressed stones topped by a simple cornice. This traditional fireplace rests on a thick surrounding stone base.
