Antique-style fireplaces in stone

Louis XV mantelpiece carved in a nicely patinated natural limestone

This beautiful fireplace is carved in the stone of Estaillades (a natural white limestone from Provence). This mantelpiece is an original creation inspired by the classic Louis XV style (early 18th century). It features a pair of straight jambs with engravings on which sits a finely carved monolithic lintel. A fine hand-sculpted shell (typical of the Regency and Louis XV styles) can be seen in the middle of the lintel. Hand-crafted in Provence.
