Provence fountain with octagonal basin and column crafted in stone

This beautiful Provence fountain is a superb hand-crafted creation in natural French limestone (carved in Avy stone, a firm and frost-resistant limestone). This octagonal fountain features a large yet shallow basin topped by wide molded copings and a central octagonal column fitted with 4 forged water spouts in wrought iron. The overhanging capital is decorated with a small ball in stone.

Height	175 cm
Width	210 cm
Depth	210 cm
Weight	1420 kg

- Basin's height : 45 cm

Price
5700 €
