This Provence fountain hand-crafted in our ateliers located in the heart of Provence is carved in the Estaillades stone (a natural limestone extracted in our Provence quarries). It features a tall square basin resting on a massive thick stone and a square central column fitted with 2 metallic water spouts. Beautiful antic look and weathered patina.

Height 180 cm

Width 155 cm

Depth 155 cm

- Basin's height: 70 cm
