

## Large central fountain with octagonal basin carved in French limestone

This Provence central fountain is a garden fountain carved in natural French limestone (Avey stone or Estailades stone). It features a large octagonal molded basin topped by thick rounded copings, a square central column decorated with carved rosettes, plastrons, a molded collar, 4 wrought iron water spouts, and a capital in diamond point.

Height 170 cm

Diameter 200 cm

- Basin's height : 50 cm
