

Limestone fountain with massive round basin and column with ball

This small-size garden fountain in carved limestone is a decorative fountain that could be installed anywhere, even in a corner ! This fountain of Provence features a monolithic round trough as basin, a circular column fitted with a water outlet in wrought iron and a capital topped by a small stone ball. Hand-carved in the stone of Estailades or the stone of Avy (frost-resistant).

Height 195 cm
Width 100 cm
Depth 110 cm

- Basin's height : 50 cm

Price

4680 €
