Central fountains in stone

Octagonal central fountain in Avy stone : a beautiful Provencal fountain !

This elegant Provencal fountain in stone is a superb artisanal creation by Atelier Alain Bidal. Hand-crafted in a beautiful French natural limestone, the Avy stone (a firm and frost-resistant limestone), this octagonal fountain features a large but shallow basin with wide molded copings and an octagonal central column topped by a magnificent capital decorated with a stone ball. Sold with 4 wrought iron water spouts and 4 pairs of metallic bucket-rest bars.
