

**Small garden wall fountain in natural
stone : Marquise**

This rather small decorative garden fountain is carved in the Avy stone, a natural hard limestone that is frost resistant. It is handcrafted and finely sculpted by our stonemasons in our workshop in Provence. This 100% made in France wall-fountain presents a rounded pediment with a nice hand-sculpted rosette in its center. The rectangular basin made of large dressed stones is quite shallow and topped by large molded copings. Ideal for small spaces. Wrought-iron water outlet.
