Pierre - MatériauxAr

This wide and tall garden fountain is hand-crafted in our stone cutting atelier in Provence and carved in the Avy stone, a firm and frost-resistant natural limestone. It features a large rectangular molded basin with large copings, a finely decorated pediment with breastplates, volutes and a sculpted water outlet representing the Roman God of wine and vine, Bacchus.

Height 230 cm

Width 250 cm

Depth 105 cm

- Basin's Height: 70 cm
